M.990

Guard safety handles

- **Material**
  Polyamide based (PA) technopolymer. Resistant to solvents, oils, greases and other chemical agents.
- **Standard colour**
  Black with matte finish.
- **Screw cover**
  Technopolymer, in one of the standard colours: black RAL 7021, orange RAL 2004, grey RAL 7035, yellow RAL 1021, light-blue RAL 5024, red RAL 3000 with matte finish. Snap in mounting and removable.

RAL 7021	RAL 2004	RAL 7035
RAL 1021	RAL 5024	RAL 3000

- **Assembly**
  By means of two through holes for cylindrical head screws with hexagon socket, hexagon head screws or stock nuts.

Applications
The completely closed handle mounted on machines and automation systems with double hinged doors constitutes a safety element for the fingers of the operators when opening or closing the doors. Moreover, the coloured covers, for example the orange one, makes identification easier.
